## SUMMARY

Front-End Developer specializing in **React.js, Next.js, JavaScript, and Tailwind CSS**, with a passion for building **high-performance, scalable web applications**. Experienced in creating **reusable components, front-end architectures, and optimizing user interfaces for maximum performance**. Skilled in integrating **RESTful APIs** and **collaborating with cross-functional teams**. Seeking an opportunity to contribute to innovative projects in a dynamic development team.

## EXPERIENCE

### AI Model Evaluator [Freelance]

Outlier A

November 2024 - Present, Remote

- **Generated training data** to enhance AI model learning across various domains.
- **Assessed AI outputs** for accuracy, relevance, and performance improvements.
- **Provided feedback and optimizations** to refine AI-generated responses.

## PROJECTS

### CurrencyXchange

[goldxchange.netlify.app/](https://goldxchange.netlify.app/) • February 2025 - February 2025

- Gold & Currency Exchange: real-time tracking and seamless transactions.
- Tech Stack: Built with Next.js, TypeScript, React Query, and NextAuth.js.
- Security: Protects API keys and credentials using environment variables.

### Portfolio

- • [serajeldeen13.netlify.app/](https://serajeldeen13.netlify.app/) • January 2025 - January 2025

- Crafted a responsive, high-performance portfolio using React.js, ensuring optimal scalability and a seamless user experience across devices.
- Developed an interactive project gallery to display my work, featuring detailed descriptions and live demos for a closer look at my coding abilities and design style.
- Outlined my technical skill set in key areas like React, Next.js, and Tailwind CSS, emphasizing the tools and techniques I use to create robust, user-friendly applications.

### TheAmazingEgypt

[the-amazing-egypt.netlify.app/](https://the-amazing-egypt.netlify.app/) • January 2025 - January 2025

- Developed a high-performance web page using React.js, optimizing load times by 30% and improving scalability across devices.
- Showcased Egypt's cultural richness and breathtaking beauty through a captivating introduction, emphasizing key historical landmarks and attractions.
- Designed an interactive carousel/gallery to display stunning, high-quality images of Egypt's iconic landmarks, providing an immersive visual tour.
- Highlighted top destinations and diverse tourism experiences in Egypt for trip planning.

### Next-Js\_Dashboard

[next-dashboard-liart-two-81.vercel.app/](https://next-dashboard-liart-two-81.vercel.app/) • December 2024 - December 2024

- Built a dynamic, real-time dashboard using Next.js, TypeScript, and Tailwind CSS.
- Integrated live data updates to provide real-time statistics.
- Designed a user-friendly interface, ensuring a seamless experience.

## EDUCATION

### Bachelor of Computer Science

University of Alexandria • Egypt • 3.3 GPA

## SKILLS

Technical Skills: React.js, Next.js, JavaScript, TypeScript, HTML, CSS, Tailwind CSS, Figma, Git.
