SUMMARY

Software Engineer specializing in React, Next.js, TypeScript, and CSS. Skilled in developing and maintaining high-quality, scalable software applications. Passionate about building innovative solutions and eager to learn more about the industry. Seeking a software engineer position to contribute to impactful projects and collaborate with a dynamic team.

EXPERIENCE

AI Trainer [FreeLance]
Outlier AI **November 2024 - Present, Remote**

· **Generating Training Data:** Creating domain-specific content to train AI models effectively.
· **Evaluating Model Performance:** Assessing AI outputs to ensure accuracy and relevance.
· **Providing Feedback:** Offering insights to improve model responses and reduce inaccuracies.

PROJECTS

Portfolio
serajeldeen13.netlify.app/ · January 2025 -January 2025

· **Crafted a responsive, high-performance portfolio** using React.js, JavaScript, and Tailwind CSS, ensuring optimal scalability and a seamless user experience across devices.
· **Presented my development journey and skills** through an engaging introduction, spotlighting the projects and technologies that showcase my expertise.
· **Developed an interactive project gallery** to display my work, featuring detailed descriptions and live demos for a closer look at my coding abilities and design style.
· **Outlined my technical skill set** in key areas like React, Next.js, and Tailwind CSS, emphasizing the tools and techniques I use to create robust, user-friendly applications.

Next-Js_Dashboard
next-dashboard-liart-two-81.vercel.app/ · December 2024 - December 2024

· **Built a dynamic, real-time dashboard** using Next.js, TypeScript, and Tailwind CSS, optimized for fast performance and scalability.
· **Integrated live data updates** to provide real-time statistics, ensuring users can track metrics and trends as they happen.
· **Implement interactive data visualizations** with graphs and charts to enhance data representation, offering intuitive insights for decision-making.
· **Designed a user-friendly interface** using Tailwind CSS, ensuring a seamless and visually appealing experience across devices.
· **Developed a fully responsive layout**, allowing the dashboard to function smoothly on both desktop and mobile platforms, adapting to various screen sizes.

TheAmazingEgypt
the-amazing-egypt.netlify.app/ · January 2025 -January 2025

· **Built a dynamic, high-performance web page** using React.js, TypeScript, and Tailwind CSS, ensuring optimization for scalability and seamless user experience.
· **Showcased Egypt's cultural richness and breathtaking beauty** through a captivating introduction, emphasizing key historical landmarks and attractions.
· **Designed an interactive carousel/gallery** to display stunning, high-quality images of Egypt's iconic landmarks, providing an immersive visual tour.
· **Highlighted top destinations to visit in Egypt**, directing users to explore the must-see locations that epitomize the country's allure.

· **Outlined diverse tourism experiences in Egypt**, offering insights into adventure, cultural, and historical activities, helping users plan their ideal trip.

EDUCATION

Bachelor of Computer Science

University of Alexandria, Egypt · Egypt · 3.3

SKILLS

Technical Skills: React.js, Next.js, JavaScript, TypeScript, HTML, CSS, Tailwind CSS, Git.
